Greetings from Melbourne, Francesca, Yuksel and Zbigniew!

THANK YOU all very much for accepting my invite to share your experiences and wisdom in the webinar yesterday! I have had many positive comments from some of the attendees about the knowledge they have gained from listening to you.

There were about 70 people attending our session. As indicated earlier, most of them are from Australia, Hong Kong, Indonesia, Korea, Taiwan and Turkey. There were a handful from China and Macao as well.

I hope that you have had a good Tuesday! I will thank each of you personally, in one way or another, especially when we meet each other in person the next time.

The recording of the session can be viewed and downloaded from YouTube, at:

I am attaching a photo of us in the ZOOM platform, as a memory of our time together.

I am also attaching a list of questions asked by the audience. If you like, you may reply to the relevant attendee - their email address may be visible, somewhere to the right hand side of the spreadsheet. But, of course, you are not obliged to answer questions now after the webinar.

All the best!
