

Student Scholarship in Fair Problems and Diverse Solutions in Parameterized Complexity NCN SONATA grant

Unit Name: Faculty of Mathematics, Informatics, and Mechanics, University of Warsaw

Location: Warsaw

Position Title: Scholarship Holder/Student

NCN Competition Type: SONATA 17

Application Deadline: March 20, 2026

Scholarship start: April 1, 2026

Scholarship end: August 31, 2026

Application Form: Email with CV to masarik@mimuw.edu.pl

The scholarship will be funded by the National Science Centre (NCN) as part of the project entitled "Fair Distribution Problems and the Diversity of Solutions in Parameterized Complexity," UMO-2021/43/D/ST6/03312

Task Description:

- Working on project topics
- Regular meetings with the project leader
- Writing up and presenting results.

Employment Conditions:

Five-month scholarship agreement, stipend of PLN 3,200 per month.

Requirements:

- Candidates entering the competition should have:
 - * undergraduate student status
 - * basic knowledge of theoretical computer science
 - * interest in research related to the project topic.

Additional information

Proposals will be evaluated by a three-person committee in accordance with the National Science Centre (NCN) criteria, and the competition results will be announced on the website of the entity conducting the research project.
