

GAeL XXII

Géométrie Algébrique en Liberté

TRIESTE | JUNE 23-27, 2014 | SISSA - Aula Magna (Main Lecture Hall)

GAeL, Géométrie Algébrique en Liberté, is a conference organised by and for researchers in Algebraic Geometry at the beginning of their scientific career. The conference gives PhD students and post-docs the opportunity to lecture, often for the first time, in front of an international audience. In addition, selected international experts deliver mini-courses on topics at the cutting edge of important new developments in Algebraic Geometry. **Deadline for applications: March 1, 2014.**

WHEN
WHERE

June 23 - 27, 2014
SISSA - Aula Magna
Via Bonomea, 265
34136 - Trieste
(Italy)

The first 13 editions of GAeL were organized at the Centre International des Rencontres Mathématiques (Marseille, France), because of which GAeL has a French name. However, nowadays all communication and talks are in English. Most recently, GAeL has taken place in Bedlewo (Poland), Istanbul (Turkey), Madrid (Spain), Leiden (Netherlands), Coimbra (Portugal), Berlin (Germany), Grenoble (France) and Stockholm (Sweden). The upcoming conference in 2014 in Trieste will be the 22nd GAeL conference.

ORGANIZING COMMITTEE

Giulia Battiston, Freie Universität, Berlin

Olof Bergvall, Stockholm University

Agnieszka Bodzenta-Skibińska,
University of Warsaw

Łucja Farnik, Jagiellonian University, Kraków

Daniel Litt, Stanford University

Tommaso Matteini, SISSA, Trieste

Giovanni Mongardi, Università di Milano

LOCAL ORGANIZERS

Piero Coronica, SISSA, Trieste

Alice Rizzardo, SISSA, Trieste

Giangiaco Sanna, SISSA, Trieste

Jacopo Scalise, SISSA, Trieste

Fabio Tanturri, Universität des Saarlandes,
Saarbrücken

Tommaso Matteini, SISSA, Trieste

SENIOR SPEAKERS

Bhargav Bhatt >

“h-topology and applications”

Hélène Esnault >

“Miscellaneous on rational points and fundamental groups”

Kieran O’Grady >

“The geometry of hyperkähler varieties”

SCIENTIFIC COMMITTEE

Frances Kirwan

Professor of Mathematics at the University of Oxford

Yuri I. Manin

Professor Emeritus at the Max-Planck Institute für Mathematik of Bonn

Frans Oort

Professor Emeritus in Pure Mathematics at Universiteit Utrecht

Sam Payne

Associate Professor of Mathematics at Yale University
